volpair

Marketing Strategy

UK Launch — September 2026 · Prepared for Aimee

Who volpair is — and who it's for

CORE MESSAGE

volpair is not a dating app. It's where padel players find their people — a playing partner, a community, a night out, and sometimes something more.

The dating angle is real, but it's one outcome of a social platform built around a shared obsession. **Tinder is for anyone. volpair is for your tribe.**

PRIMARY TAGLINE

"Every rally starts with a match."

Works on three levels: a padel rally, a romantic match, finding a playing partner. Active, sport-specific, unforgettable. No other app can say this.

THREE PERSONAS

Alex, 28 — The Social Player

Plays 2–3×/week. Wants a regular partner. Hook: Radar + Find a Partner

Sofia, 31 — The Single Looking

Tired of generic apps. Wants shared passion. Hook: Connect + volpair Score

Marcus, 35 — The Club Regular

Strong court circle. Ambassador potential. Hook: Score + Club Listings

BPT ACADEMY LEVERAGE

Aimee, this is your stage

Aimee

CO-FOUNDER & CEO · COMMUNITY & BRAND LEAD

You know the UK padel world from the inside — not as a marketing channel, but as someone who genuinely lives and breathes it. That's the single biggest asset volpair has at launch. Your credibility, your relationships, and your voice will be the first thing people associate with this brand.

You're not here to be a spokesperson. You're here to be the face that makes people trust volpair before they even download it.

YOUR NATURAL TOUCHPOINTS — JULY & AUGUST

1

Share your story

Tell people why you co-founded volpair. In your own words, not a script. That authenticity is irreplaceable.

2

Invite your circle

Reach out to coaches, club owners, and players you already know and respect. Peer-to-peer, not marketing.

3

Open partnership doors

Your relationships with UK padel personalities make introductions feel natural — because they trust you.

4

Lead club outreach

Target 20 clubs for launch partnerships. Your warm intros make the conversion rate incomparably higher than cold outreach.

Four pillars. Every month. Every platform.

PRODUCT FEATURES

Radar, volpair Score, Connect explained in action. Show don't tell — screen recordings, demos.

MATCH STORIES

Anonymous or named pairs who met on volpair. Playing partners, doubles partners, couples — all count.

CLUB & COMMUNITY

Events, party nights, club features. "Find out what's happening at [Club] this weekend."

NORTH STAR METRIC

Weekly Active Users who sent a Volley or opened Radar

This captures the two most engaging behaviours. A user who does either is sticky and likely to retain.

WEEKLY TRACKING

- Downloads (iOS + Android)
- Registrations completed (onboarding finished)
- Volleys sent
- Radar sessions opened
- Daily / Weekly Active Users

MONTHLY TRACKING

- Free → Premium conversion rate (target: 8% con / 15% opt)

LEADING VS. LAGGING INDICATORS

LEADING (PREDICT FUTURE)	LAGGING (MEASURE OUTCOMES)
Radar sessions/week	Premium conversions
Volleys per active user	Revenue MRR
Profile completion rate	Churn rate
Day 7 retention	LTV trend
Referral rate	App Store ranking

WHEN TO PIVOT

- Day 7 retention <20% after M2 → onboarding problem. Fix before scaling ads.
- Conversion <4% after M3 → premium value prop weak. Audit features.
- CAC >£30 after M4 → shift budget from paid to influencer/organic.
- <2 clubs by M2 → pricing or pitch problem. Revisit offer.

FOR AIMEE

You are the face of volpair.

Your authenticity, your voice, and your belief in this community are what will make players trust volpair before they ever download it. This strategy exists to support you — not the other way around.

Every rally starts with a match.
